Description of Charges

Costs and Charges DisclosureGrid - Options

These scenarios provide illustrative examples of how estimated costs and charges may impact the return on your investments. It is not a marketing material. The costs and charges shown are based on a standardised investment amount and holding period in base currency and using standard rates for commissions (entry and exit) and financing without tier based reductions. You could pay less but you would not pay more. Statements detailing your actual costs and charges are available in the Client Portal.
